Robert Nordblom Appointed to Regional VP at IREM

Published: October 20, 2009

Chicago--Robert Winder Nordblom, CPM, executive vice president of Boston-based Nordblom Co., was recently appointed a regional vice president of the 18,000-plus member Institute of Real Estate Management (IREM). He will serve a two-year term beginning this year, providing oversight for the activities of IREM chapters in Massachusetts, Connecticut, Maine, New Hampshire, Rhode Island, and Vermont.

Nordblom has been in the real estate industry for over 30 years and oversees his company's multifamily assets and corporate technology and property insurance activities, as well as, its accounting and human resources departments. Founded in 1924 by Nordblom's great grandfather, and currently active throughout the New England and North Carolina markets, Nordblom Co. owns, develops, manages and sells commercial and multifamily properties for its own account as well as third-party investors.

Nordblom earned the IREM-conferred Certified Property Manager (CPM) designation in 1990 and has been active in the organization locally and nationally. He has served in many leadership positions with IREM's Boston Metropolitan Chapter No. 4, including president. At the national level, he has been a member of the IREM Governing Council, the Audit and Legislative Committees and several others.

In addition to his professional activities, Nordblom has been heavily involved in community affairs, serving on the Town of Groton's Finance, Capital Planning and Growth Management Committees. He was also a Town of Groton Selectman.
